** and ***

- * Comment. The coal shipments of 14 February 1952 of the 172d Gds Mtz Rifle Regt of the 57th Gds Mtz Rifle Div in Gotha to various locations along the zonal border are a valuable clue as to the border guard area covered by this regiment. The same applies to the shipments of the 117th Gds Mtz Rifle Regt of the 39th Gds Mtz Rifle Div, in Weiningen on 12, 21 and 26 February 1952.
- ** Comment. The information confirms supply traffic previously reported. The volume of 846 carloads handled during the period under review, i.e. a daily average of 28 carloads, is considered normal. There was twice as much handled in February as in January 1952. This is probably because the present report is more complete.
